## Press release

Colombes, 24 March 2014

On 19 March 2014, the Commercial Court of Nanterre adopted the business continuity plan of LTJ Diffusion, which was under judicial reorganisation since 14 November 2012.

The reasons for this decision, taken after receiving the favourable opinion of all the governing bodies, the public prosecutor and the employee representative, mention that "this plan could be drawn up after the financial as well as social restructuring by the senior officers of the company" and that "the presented plan allows for a very gradual debt repayment over the first few years".

The adoption of this plan under such conditions allows us to be optimistic about the future and confident about the group's sustainability for the next few years.
